PROFILE

I'm Umer Memon, Innovative and self-taught front-end developer with a strong foundation in HTML5, CSS3, JavaScript, and responsive web design. Proficient in creating visually appealing and user-friendly interfaces that enhance user experience. Skilled in deploying projects on platforms like Netlify and utilizing tools such as Git and VS Code for efficient development. Demonstrates a keen eye for design and a commitment to continuous learning, aiming to contribute to dynamic web development projects.
